

BL-5
Bubble Liquid

B-200 High Output Bubble Machine

To say the B-200 is a high output bubble machine is too modest. It features four "Double Bubble Wheels" which generate a massive, continuous torrent of bubbles.

The set of 3 fans at the back of the unit spread the bubbles far and wide. Designed with lighting designers, large clubs and theatrical productions in mind, this bubble machine has DMX onboard.

This provides for central control on B-200's bubble generation. The machine can also operate with / without optional timer and wireless remote controls.

With its large fluid reservoir, the B-200 will pack the venue with bubbles as long as the party lasts!

• BCT-1 Timer Remote (Optional)

• BCR-1 Wireless Remote (Optional)

• B-200 Effect

B-200 High Output Bubble Machine Specification

- » Power : AC100V/AC120V/AC230V/AC240V,50Hz-60Hz
- » Power Consumption : 100 W
- » Tank Capacity : 2 liter
- » Fluid Consumption Rate : 20 min / liter
- » Optional Remotes : BCR-1 Wireless Remote, BCT-1 Timer Remote
- » Weight : 11 Kg
- » Dimensions (mm) : L 421 W 250 H 212.5
- » DMX : On board

BCT-1 Timer Remote (Optional)

- » Cable Length : 25 ft
- » Connector : 1/4 Stereo
- » Function : Timer with interval and duration; manual ON/OFF

BCR-1 Wireless Remote (Optional)

- » Working Distance : Wireless, up to 50 M
- » Connector : 1/4 Stereo
- » Function : Wireless ON/OFF

Liquid

- » Optimized for use with Antari Bubble Machines
- BL-5 : Also friendly to our environment and to human contact bubble liquid that creates vivid bubbles for any occasions.
