

# Acclaim Fresnel 6°-60°

The Acclaim Fresnel is a 575w/650w general purpose Fresnel (110mm diameter lens) for theatre, small studio and display lighting applications which produces an adjustable cone of light with a soft edge that is easily blended with adjacent beams to provide even illumination.

The Acclaim Fresnel is built Selecon tough from aluminium extrusion and moulded engineering plastics – robust, dependable, safe and easy-to-rig – backed by the unique Selecon 3-year warranty for entertainment fixtures.

## Features

- Up to 40% more light output than other Fresnels
- A wide range of beam angles from 6° - 60°
- Integrated safety bond, rated for the fitting; maximum free length = 650mm
- Improved filter life through increased airflow
- Cooler focus operation due to the use of engineering plastics on front (colour frame mount) and rear
- Adjustable yoke balance point
- 'Swing-down' side door for easy access to lamp or for cleaning. Micro-switch automatically isolates the power supply when opened. Lamps are quickly and safely removed using ejector mechanism
- Lamp life is enhanced through judder-free focus action of the captive lamp/reflector assembly which moves on Teflon-coated bearings
- Heat-insulated rear grab-handle which doubles as handy storage for the 1m cable length
- New barndoor design, cool to focus maintaining settings through unique hinge tension design - retro-fittable
- Focusing is fast and safe using the large rear grab handle and heat-protected focus knob and filter holder
