

**CPX 407BAT** is a professional outdoor battery operated LED Par powered by 7 x 10 watts RGBW LEDs. It has a compact design but is large in output and perfect for any outdoor installation or event. It is equipped with a built-in W-DMX™ wireless DMX receiver by Wireless Solution Sweden.

**SOURCE** Light source: 7 x 10 watts RGBW LEDs  
 Battery life expectancy: 5 hours for full on colors  
 20 hours for color changing and dimming  
 8 hours for charging quality lithium battery

**OPTICAL SYSTEM** Lens: 25°

**DYNAMIC EFFECTS** Dimmer: 4 dimmer curves  
 Color mixing: RGBW  
 Variable color chasing  
 Strobing and fading effect

**CONTROL & PROGRAMMING** Control protocols: W-DMX, DMX, Master-Slave, Auto Run  
 IR remote control  
 Display: 4 buttons LED displayer  
 Control channels: 2, 3, 4, 9 & 12 Chs

**ELECTRICAL** Input voltage: 110-230V/50-60Hz  
 Power consumption: 70 watts

**CONNECTIONS** DMX connections: 3 pin XLR In/Out Male and Female  
 Power connections: IP rated PowerCon In/Out

**PHYSICAL** Dimensions: 166 x 243 x 243mm  
 Net weight: 4.6 Kg  
 Color: Black  
 Housing: Aluminium  
 IP rating: 65  
 Operating temperature: -30°C/45°C
